MARCH

INTRODUCTION TO DRAMATIC PERFORMANCE

From 25 to 29 March

Teachers: Yasuyo Mochizuki – Eric Nesci

This workshop proposes a discovery of the Lecoq School's approach to theatrical play.

It will be a journey that leads from psychological replay - the observation of life, its rhythms and dynamics and silences from which speech springs - through to the event of the Neutral Mask, which raises and structures play whilst seizing the poetic dimension of life.

The workshop will explore this through Improvisation classes, accompanied by Movement Classes dealing with:

- Physical preparation
- Movement analysis

This workshop is for all actors (from 18 years old) interested in a first approach to the school's teaching.

A good understanding of French is required.
